DR. EDGARDO M. SANTOS

Vice President for Academic Affairs

Dear VP Santos:

Greetings!

We believe that recognition from joining various skills competitions is one of the key parameters in evaluating the College's performance. National and international accrediting bodies are also giving significant weight to such kind of achievement. Thus, we are committed to being actively engaged in different competitions that would showcase the skills and talent of our faculty and students.

In line with this, CICT is going to participate and compete in the **Philippine Society of Information Technology Educators (PSITE) International Research Conference on Information Technology Education (IRCITE) 2024**. The event will be held on **March 8, 2024** at the **Wesleyan University-Philippines, Cabanatuan City**. The event will be participated by ITE educators and students from various schools, researchers, and industry and IT partners. This event aims to create an avenue for IT educators and students to exchange ideas and have networking opportunities with ICT professionals regarding the latest trends, issues, strategies, and research developments and opportunities in the field.

The registration fee for this event is **Php 1,500** per participant, and **Php 2,600** per undergraduate paper presenter; the college will be sending a strong **37 delegates for 8 competitions** and **14 undergraduate presenters for the paper presentation**. They will be accompanied by **15 faculty-coaches**; thus, the CICT will need a total of **Php 114,400.00** (please see attached list for the breakdown). Attached is the invitation letter and the event's program from the organizer for your reference.

Your favorable response on this matter is highly appreciated. Thank you so much for your invaluable support.

Sincerely,

DR. DIGNA S. EVALE
Dean, CICT
